Portrait Ernst & Young

//

Portrait:

Ernst & Young AG

With over EUR 1 billion in revenue, Ernst & Young is one of three largest professional services firms and number one in tax advisory services. We provide assurance, tax, transaction advisory, risk advisory and finance and performance management services.

Our assurance and risk advisory services help our clients meet the demands of the legislator, investors and capital markets. We ensure good corporate governance, reliable financial reporting as well as rigorous risk management. With our tax, transaction advisory and finance and performance management services, we assist our clients in all tax issues, mergers and acquisitions and improving the performance of their finance function.

Sector:

Assurance, tax advisory and finance and performance management services
