Portrait Novotel Hannover

////////////////////////////////////

Portrait:

The Novotel Hannover is located in the centre of Hanover, on the former site of the famous Bahlsen biscuit factory. In addition to its excellent links to the railway station, exhibition centre and airport, its proximity to the pedestrian zone and the city park, the Novotel offers all the conveniences of a first-class hotel. With its modern architecture, intriguing integration into a historical industrial setting, and its 206 well-lit, elegant rooms and suites, the high standard hotel displays style. The Novotel Hannover is specialized on conventions as well as business guests and offers plenty of space to realise ideas. The foyer with its imposing pair of historic steam engines forms the heart of the conference and function suites. From here there is direct access to the 12 fully air-conditioned and light-filled conference rooms (maximum capacity 330 persons). Closely to the hotel the city park „Eilenriede“ invites for many leisure activities.

The **** Novotel Hannover belongs to the network of the Accor Hotels. The portfolio of Accor varies worldwide over 4.000 times from low budget up to luxury hotels.
