Portrait Üstra

////////////////////////////////////

Portrait:

Üstra is one of the leading German local traffic company, one of the best service industry performers in Lower Saxony with 152 millions of passengers a year and 75% of the trips in the GVH integrated public transport system.

Each of the 500,000 Hanoverians travels on an üstra bus or tram, statistically speaking, four out of every five days. The total network of 12 tram routes and 39 bus services covers 678 kilometres. Üstra vehicles' total journeys around Hanover each year would take them around the world 931 times.
